Memorandum of Understanding (MOU) for Internship

This Memorandum of Understanding is made this 5 day of JUNE 2016 between JNTUH College of Engineering, Jagtial and VOICE 4 Girls.

Whereas, **JNTUH College of Engineering, Jagtial hereafter referred as JNTUHCEJ** desires to maintain a coordinated internship program for qualified students;

Whereas, **VOICE 4 Girls** and JNTUHCEJ recognize the need for trained workers in the community, and both parties desire to cooperate in furnishing an internship experience to students enrolled in the program;

Now, therefore, this Memorandum of Understanding establishes the following guidelines for internship placement and defines the responsibilities of each party – **JNTUHCEJ & VOICE 4 Girls.**

Background

There are over 113 million adolescent girls in India. Many of them are cut off from critical information and do not have decision-making power in their own lives. Almost 50% of them are married before the age of 18 and only 30% finish 10th standard. Trapped in this situation, adolescent girls will perpetuate the same cycles of poverty and social inequality that they are born into. However, given knowledge and agency, adolescent girls can lift themselves and their families out of poverty.

Objective of MOU- Empowering Rural Girls in India

VOICE 4 Girls and JNTUHCEJ aims to enable marginalized adolescent girls in India to take charge of their futures by imparting critical knowledge, spoken English, and life skills through activity-based camps. VOICE runs camps for girls in 6-10th classes, ages 11-16, in low-income private schools and government schools in Telangana state. These camps provide adolescent girls with the practical tools and knowledge needed to overcome challenges they face such as completing secondary education, early marriage and early pregnancy, restricted mobility, and lack of career opportunities. VOICE in association with JNTUHCEJ transforms schools into girl-safe environments where girls can learn, develop, and grow. We believe in a world where girls can realize their dreams and act on their potential.
