

Student e-Governance System(SeGS) For JNTUHCEJ

JNTUH College of Engineering Jagtial, Nachupally(JNTUHCEJ) informed iBongo IT Solutions Pvt Ltd, Hyderabad (iBongo) to design and develop the College Student e-Governance System as a part of college automation process. As per the instructions / requirement of the college, iBongo has developed and deployed the portal at <https://exams.jntuhcej.ac.in>. The portal has different modules / logins as per the functional area of the departments / sections. The portal is an online portal / application and available to all the stakeholders of the college 24x7.

Modules / Logins included in College Student e-Governance System (SeGS) are as follows:

1. Principal
2. Admissions
3. Examination Branch
4. Hostel Management
5. Library Management
6. Communication Module
7. Student Module
8. Parent Module

College Student e Governance System (SeGS) Maintenance, Support & Hosting:

- Principal, Admissions Section, Examination Branch, Faculty, Dept HoD, Student and Student Parent Logins and all other required information will be supported as per the requirement of the college from time to time.
- All the regular updates of the portal will be done by the concerned in charges, but if any technical support is required that will be supported by iBongo as needed.
- Edit, revise, update or create new information on existing features based on the College request.
- Quarterly Portal Health checkup will be done for security reasons.
- Consultation and guidance on the use of the portal as per the college requirement if any depending on the need basis.
- Generating the required reports as per the NAAC / NIRF Formats.
- Generating the College formats / Reports as per the Requirement of each Section.
