

Department of ME	
B.Tech - II-Year	
CO	Subject Name -CO Statements
C213: Fluid Mechanics and Hydraulic Machines	
CO#	# Student will be able to
C213.1	Student will be able to Understand basic properties of fluids and different types of flows.
C213.2	Student will be able to Analyze and apply Bernoulli's principle for a fluid flow.
C213.3	Student will be able to Evaluate complex problems related to boundary layer concepts.
C213.4	Student will be able to Demonstrate the working principles of various turbines and estimate their performance.
C213.5	Student will be able to Demonstrate the working principles of various Pumps and estimate their performance.
C213.6	Student will be able to Select the appropriate turbine for a given conditions.
